Instruction For Use

SIMPLE Arm Sling Shoulder Brace E5

Model: 31801 Size: F

Thank you for purchasing our products! Please read this instruction carefully before operation! To fully understand the product, in order to ensure the safety and effectiveness of the product, and please properly save the manual for future reference

Product overview

- 1)Product name: SIMPLE Arm Sling Shoulder Brace E5
- 2)Product model: 31801
- 3)Product specification: F

4) Product Structure:

It is made of polyethylene, nylon, sponge and other materials. Non-sterile delivery, not connected to medical devices used in the body.

5) Operating principle

The product is open-ended designed to prevent internal rotation by fixing the patient's arm in a neutral position. The shoulder belt, the waistband and the waist form a triangular structure, and the neck pressure is effectively reduced. The detachable holding force rehabilitation ball is convenient to use and can exercise the gripping force of the hand finger at any time. The strap and the belt are in a snap-fit connection to make the patient wear more convenient.

6) Scope of application:

It is suitable for trigonometry, upper tendon rupture, shoulder and arm joint fracture and dislocation, shoulder and arm joint operation support, brachial plexus injury.
