Instruction for Use

SIMPLE LO 106

Model: 52008 Size: S, M, L, XL, XXL, XXXL

Thank you for purchasing our products! Please read this instruction carefully before operation! To fully understand the product, in order to ensure the safety and effectiveness of the product, and please properly save the manual for future reference

Product overview

1)Product name: SIMPLE LO 106

2)Product model: 52008

3)Product specification: S, M, L, XL, XXL, XXXL

4)Product Structure : The products are mainly composed of breathable mesh cloth, nylon wire, pull ring, plastic pulley support system and magic sticker.

5)Operating principle:

The double-fastening system provides patients with superior compression levels, maximum comfort, flexible control, stable support and effective pain relief. Suitable for the patient's body type, it is easy to adjust the desired comfort level while standing or sitting. The low-profile front panel and breathable mesh provide comfortable wearability and smoothness for patients.

6)Scope of application:

Suitable for lumbar mechanical back pain, spinal stenosis, degenerative disc slip, lumbar spondylolisthesis, lumbar trauma, disc herniation patients.

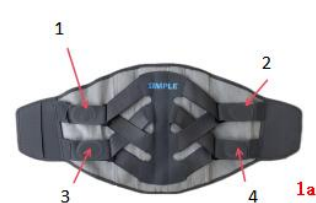

Product features and performance description

1) Product features and storage conditions

【 Product features 】 High elastic compression fabric, double fastening system, back - lumbar support, metal elastic support, wear stability, front and back belt adjustable, easy to wear.

【 Storage conditions 】 This product should be stored in a room with no more than 80% relative humidity, no corrosive gas and good ventilation to avoid high temperature

2) Using the operating 【Application Instructions】

STEP1: open the product (Fig 1a).

STEP2: Place the lumbar retainer in the waist, with the center aligned with the spine and the lower part at the tailbone. Attach the hook face panel to the wool face panel after the fixed belt is attached to the waist. Then pull four Velcro strips outward according to the degree of adaptation until the fixing belt is tightened and then firmly adhered to the front panel (2a~3a).

WARNING:

1) The fastening belt is not too tight, Please pay attention to the wearing comfort of the fixed belt.

2) The application instructions listed above are for use only by qualified professionals. Unless otherwise directed by orthopedic professionals, patients are not advised to try to use or adjust the device. Any further adjustment or wear frequency and wear time will be determined by your orthopedic professional.
